

FLARE INDUSTRIES APPOINTS ABM AS AUSTRALIAN REPRESENTATIVE

ABM has been appointed the Australian representative for Flare Industries Inc.

ABM will provide the local support, project management and manufacturing to Australian standards combined with Flare industries experience and technology as a world class flare manufacturer.

Flare Industries Inc., located in Austin, Texas, U.S.A. is one of the industry

leaders in combustion and pollution control technology, providing quality flare systems, thermal oxidizers, and ignition systems since 1984. Flare Industries' world class pollution control equipment is designed by some of the most experienced engineers in the industry.

Flare Industries can provide any type of flare system from 50ft. to 500ft. high. They manufacture freestanding, guyed, or derrick supported flares, with steam assist, air assist, gas assist or sonic velocity to ensure smoklessness if required.

ABM manufactures combustion systems to AS3814 and are agent for Pyronics Inc and ESA Pyronics
